**Crestmark Bank volunteers assist in building homes on Habitat for Humanity Blitz Build**

For the second year, employees from Crestmark Bank have participated in Habitat for Humanity's 2008 Blitz Build. On Saturday, June 28<sup>th</sup>, twelve employees from the corporate headquarters prepared four homes for their final dedication ceremony to the new homeowners in Pontiac, Michigan. Employees installed kitchen cabinets and hardware, applied touch-up paint and vacuumed and swept wherever needed.

"It's a great feeling to know that we are giving back to individuals in our community who have faced some very difficult emotional and financial times and to be a part of this valuable program. Crestmark hopes to contribute our resources and time to this program every year," said Gayle Finger, First VP, Compliance Crestmark Bank.

Crestmark Bank, located in Troy, Michigan, is proud to help to build the communities in which we work, whether it is by picking up a hammer or broom, or by assisting with innovative financing solutions for small- to medium-sized businesses.
